

Summary: We are currently hiring for an experienced Fleet Mechanic for our telecom company in Estacada, Reliance Connects.

The Fleet Mechanic will be responsible for the upkeep of all vehicles including gasoline and diesel-powered engines, electrical and mechanical components, and other equipment as necessary. The Fleet Mechanic will use their expertise to diagnose, adjust, refurbish, and repair all types of vehicles. They will be responsible for recommending any changing of parts, or necessary services, in order to maintain the safety and reliability of the fleet.

An ideal mechanic candidate will be comfortable with WELDING and FABRICATION!

Required Skills and Experience:

- Must have a sound understanding of all repair tools, equipment, and diagnostic testing equipment.
- Able to diagnose and perform routine repairs, including engines, transmissions, clutches, suspension, steering, fuel and ignition.
- Should have excellent written and verbal communication skills and the ability to interact with internal customers.
- Auto body repair and paint a plus.
- Some welding required, as well as electrical
- Able to effectively coordinate tasks with fellow coworkers and with other departments within the organization.
- Able to place orders for necessary spare parts and ensure the timely arrival for scheduled repairs.
- Able to perform routine truck repair and maintenance, familiar with air brakes and related.
- Other duties as assigned.

Education and Qualifications:

- High school degree, diploma or a GED equivalent qualification from an accredited institution.
- OR a Bachelor's degree or an associate's degree or diploma in mechanical or automotive engineering or any other related field of study
- OR 2 – 3 years of experience working as a fleet mechanic, ASE certifications a plus.
