

PocketiNet Communications, Inc. is seeking qualified applicants for the position of Fiber-Optic Construction Leader/Operator. This positions will be responsible for supporting major underground distribution utility construction projects in southeast Washington state. The position's job description is below.

Fiber Optic Construction Leader/Operator

The Construction Leader's primary job responsibilities include managing the construction crew, ensuring the build out maintains the highest quality standards and that adherence to safety standards are met.

Responsibilities:

- * Safety and efficiently operate Horizontal Directional Drilling equipment
- * Prefer experience operating trenchers and backhoes
- * Ensure proper bore rig setup, fluid mixing, and downhole reaming to maximize daily production
- * Locate underground utilities and monitor locating process during drilling
- * Read blueprints and demonstrate good judgement in the field
- * Resolve construction-related situations
- * Coordinate with project manager regarding field and design changes, and situations that require attention.
- * Work as a team in tandem with project manager and other crew members

Desired Qualifications:

- * Ability to manage a construction crew
- * Ability to work independently and meet deadlines
- * Experience with fiber optic network construction
- * Ability to read blueprints and schematics
- * Good verbal communication skills
- * Prior experience operating Vermeer or Ditch Witch drilling equipment
- * Knowledge of underground utility construction practices
- * Perform all duties adhering to company safety procedures and policies
- * Adaptable to report to work at different job sites in the Walla Walla and Tri-Cities, Washington areas.
- * Comfortable standing and/or walking for long periods of time
- * Occasionally lift and carry loads of 50 lbs. or more
- * Excellent written and verbal communication skills.
- * Valid Driver License and acceptable driving record required

Experience:

- * Prior experience operating Vermeer and/or Ditch Witch Drilling equipment
- * 3 or more years of crew leader experience

In addition to a competitive salary, we offer a comprehensive employee benefits package.
